

Our program will consist of a presentation prepared by Janine Marie Idziak, PH.d from the Archdiocese of Dubuque.

This program will provide materials for the three various stages of Advanced Care Planning:

- 1) Persons who are healthy or have well managed medical conditions
- 2) Persons with a serious chronic condition and/or a progressively debilitating condition
- 3) Persons with terminal illness or who may be well in the last year of life and persons who are actively dying (including adult children of anyone in these stages)

Visit <http://www.dbqarch.org/advance-directives> for more information.
